BOLDLY THE BEST THE NEW ASTRA /

It's time for a driving experience
that's second to none.

ADVANCED DRIVING **EXPERIENCE** /

The new Astra heads into a new era with advanced plug-in hybrid powertrain. It is also available with highly efficient petrol or diesel engines.

BOLD & PURE DESIGN /

Sculptural surfaces with precise lines give the new Astra a confident stance that stands out from the crowd.

THE BRAND FACE VIZOR® /

The new Opel Astra faces the future with the sweeping iconic **Opel Vizor®** sleekly integrating front-end devices, sensors and functions into a single smooth panel.

BOLD VISUAL ENHANCEMENTS //

Strong visual elements, such as the black roof option or a panoramic sunroof, offer the possibility to add your personal style.

DIGITAL DETOX //

The minimalistic, fully digital **Pure Panel**[®] with standard 10+10" HD screens streamlines driver information. Looking up, the **Intelli-HUD** (head-up display) projects information in front of the driver.

PLUG-IN HYBRID **POWER** /

Experience the perfect balance between performance and efficiency with the latest plug-in hybrid technology.

SIMPLY ELECTRIFIED /

Plug-in hybrid engines come with 180 hp and 225 hp power levels, giving you the choice of conventional, combined and up to 60 km pure electric driving¹.

¹Opel Astra PHEV, fuel consumption combined 1,1-1,0 l/100 km, CO₂ emission combined 26-22 g/km; All Electric Range (AER) 59-60 km; Equivalent All Electric Range (EAER City) 70-78 km. The fuel consumption and CO₂ emission figures mentioned comply with the WLTP test procedure, on the basis of which new vehicles are type-approved from 1 September 2018. This WLTP procedure replaces the New European Driving Cycle (NEDC), which was the test procedure used previously. Due to more realistic test conditions, the fuel consumption and CO₂ emissions measured under the WLTP are, in many cases, higher compared to those measured under the NEDC. The fuel consumption and CO₂ emission figures may vary depending on actual conditions of use and on different factors such as: specific equipment, options and format of tyres. Please contact your dealer for further information. For more information [refer to the website that has been put in place to explain the WLTP.]

F GG 9086

EFFICIENT POWERTRAINS /

A dynamic range of low-friction turbo-charged powertrains in petrol¹ and high-efficiency diesel² coupled with exceptionally smooth, sophisticated transmissions create a high responsive driving character.

¹1.2 Direct Injection Turbo, fuel consumption combined 5,8–5,4 l/100 km, CO₂ emission combined 131–123 g/km (depending on equipped options). ²1.5 Diesel, fuel consumption combined 4,6–4,3 l/100 km, CO₂ emission combined 122–113 g/km (depending on equipped options). The fuel consumption and CO₂ emission figures mentioned comply with the WLTP test procedure, on the basis of which new vehicles are type-approved from 1 September 2018. This WLTP procedure replaces the New European Driving Cycle (NEDC), which was the test procedure used previously. Due to more realistic test conditions, the fuel consumption and CO₂ emissions measured under the WLTP are, in many cases, higher compared to those measured under the NEDC. The fuel consumption and CO₂ emission figures may vary depending on actual conditions of use and on different factors such as: specific equipment, options and format of tyres. Please contact your dealer for further information. For more information [refer to the website that has been put in place to explain the WLTP.]

TAILORED DRIVING MODES /

There's a driving mode for every need, with ideally balanced range and power, enhanced efficiency or peak performance.

ADVANCED COMFORT //

AGR certified¹ **Ergonomic Active Seats** incl. ventilation and massage function, the **Intelli-Air** cabin filter system and a range of heated features support the passenger well-being.

¹The certificate is a seal of quality awarded by an independent testing committee made up of experts from various medical disciplines.

PURE EXPERIENCE

The new graphical interface of the smart infotainment system wirelessly integrates your smartphone via Apple CarPlay™¹ or AndroidAuto™², reacts to voice commands and facilitates live navigation with over-the-air map updates.

Wireless charging

Live Navigation

² Android Auto™ is a registered trademark of Google Inc.

INTELLILUX LED[®] **PIXEL LIGHTS** /

Radically improves visibility via 168 individually adaptive LED segments that provide permanent glare-free high beams which automatically adjust to avoid dazzling oncoming drivers.

Intelli-Vision

Semi-Automated Lane Change

Advanced Intelligent Speed Adaptation

ADVANCED DRIVER ASSISTANCE //

Intelli-Drive 2.0 combines Opel's innovative semi-autonomous and advanced driver assistance technologies into one intuitive system, including Semi-Automated Lane Change and Intelligent Speed Adaptation. Intelli-Vision advanced parking assistance delivers a real-time 360° view with four HD cameras.

ASTRA SPORTS TOURER /

With the new Opel Astra Sports Tourer, you get enhanced capacity without compromising on bold and pure design. All the space you need, plus low running costs and your choice of advanced plug-in hybrid, petrol or diesel powertrains.

TURN UP THE VOLUME

The Opel Astra Sports Tourer maximizes its load capabilities thanks to the innovative Intelli-Space system. Up to 1.634 litres of capacity are enhanced by features such as a two-level flat load floor, split-folding rear seats, clever underfloor storage lockers and even a hands-free power tailgate.

THE NEW OPEL ASTRA //

THE NEW **OPEL ASTRA** SECOND TO NONE

It's time to experience an unmistakably German-engineered way to drive. A car that you'll want and not just need. The next-generation Opel Astra.
